

Nostalgia Institute

Social Media Design System

Portfolio Case Study • Brand Identity & Template Design
Platforms: Instagram & Facebook • Audience: Arabic & English Speakers

Project Overview

Nostalgia Institute is an online education brand offering multiple course types — including English language learning, IELTS preparation, and general academic programs — targeted at a broad Kurdish and English-speaking audience across all age groups.

The challenge was to design a social media template system that could: communicate **trust** and **professionalism**, remain **flexible** enough to work across multiple course categories, and feel approachable to a wide **public audience** — from students to working adults.

LEARNING WITHOUT LIMITS

Nostalgia Institute introduces its Online Course Series — designed to deliver structured education, expert guidance, and practical knowledge, anytime and anywhere.
